

SEMI-WEEKLY ENQUIRER.

SATURDAY, MARCH 2, 1866.

RAILROAD BONDS.

The much debated question in the days of Clay, Calhoun and Webster whether there was any authority in the Constitution for using the public money in constructing internal public improvements, except for military purposes, seems to have been set at rest by the late action of Congress. The Secretary of the Interior recently laid before the Committee of "Ways and Means" a report, showing that it will require bonds to the amount of \$24,000,000, to complete the Union Pacific Railroad to its junction with the Central Pacific. And to complete the total number of miles—for the construction of which the Government has pledged aid—\$20,000,000 more will be required. Here we have \$44,000,000, as a money endowment granted to private corporations in addition to an enormous land grant of 12,800 acres per mile. Which for the distance of 2,000 miles amounts to 25,600,000 acres. These princely franchises to corporations during the late unsuccessful attempt to dismember our country, for the purpose of uniting it by a great central line of commercial intercourse, induced the formation of other companies asking Congress for similar endowments. If this policy is to be pursued, it is plain enough there will be but little land and less money left to the "people" or in the treasury for other and far greater objects of public improvement. Had our Government from its commencement donated three acres of land and three dollars in money where it has donated one for educational purposes, who can tell what immeasurable good, what a vastly superior standard of intellectual and moral attainment the individual States and the nation would have acquired. What augmented mechanical and agricultural industry would have enriched, blessed and adorned our otherwise goodly land! Many, if not all of the States lately in rebellion, have no common school fund. No general system of public education. Would it not be infinitely wise; would it not show the highest reach of statesmanship for Congress to devise a plan by which those States may be liberally endowed for educational purposes? Would not the donation of public money and public domain to a greater extent for "educational development" and to a less extent for "physical development" be more compatible with reason, public justice, and the general welfare? We think it would.

IOWA HILL.—A correspondent of the ENQUIRER writing from Iowa Hill under date of the 26th February, furnishes the following news:

"Our mining companies are now busy and have fine prospects ahead. The Morning Star Co.'s little six stamp mill is turning out regularly from \$4,500 to \$6,000 per month; the Oriental mill at Wisconsin Hill have stopped until such repairs as are necessary can be done, and a tunnel run through a heavy bank of cement; the Lebanon Hurdy Gurdy mill is said to be paying better than ever before, which is saying a great deal. Wm. Weisler, who owned a large interest in the old Jamison claim at this place, sold his entire interest a few days ago for eight thousand dollars; the claim is at present paying well, and all connected with it are reaping a harvest. The Sailor Union another one of our oldest claims, is at present paying well, as in fact are most of them that are being worked in this vicinity; those located at Wisconsin Hill, Monona Flat, Bird's Flat, Grizzly and Sucker Flats and Elizabethtown are being worked with fine prospects of big clean-ups soon. The Mountain Gate Company at Damascus have been realizing from their mine for the past two years three thousand dollars per month, until recently they had a cave in their tunnel, this, however, has been repaired substantially, and they expect better pay than before, having increased their facilities for working the mine.

We are not without our rich quartz lodes over in this portion of the county, the richest of which is situated at Canada Hill, about twenty-two miles above this place. Four and a half tons of rock was taken out of the Buena Vista claim last fall and hauled to Stewart's mill, below Auburn, a distance of sixty miles, and after being crushed showed a result of \$27 to the ton in free gold. There are an abundance of sulphurets in the rock which will also pay, but the mill had no appliances to work them. Several shafts have been sunk on this claim, all of which show rock equally as good as that crushed."

The programme of the performance tonight presents many attractive features, and we are certain those who invest in this "show" will realize their full money's worth. The Concert Song alone is worth the admission price.

We are requested to state that the Mite Society will hold their next regular meeting at the theater, on Tuesday evening next. All are invited.

The working men of Sacramento city had a meeting in that city on the 27th ult., and passed resolutions in opposition to the employment of Chinese labor, and say they will patrolize none who encourage it.

Light House.—Among the items in the appropriation bill, was \$15,000 for the construction of a light-house at Point Reyes.

LETTER FROM SAN FRANCISCO.

[FROM OUR SPECIAL CORRESPONDENT.]

SAN FRANCISCO, Feb. 28, 1867.

Since my last we have had two such days rain as we might have expected had there not been a drop this season previously. It appears to have extended over the State generally, for the telegrams come laden with news of floods, accidental deaths, and all sorts of calamities. As Stockton has been overflowed and Sacramento not, I conclude they have at last managed to make the "city of the plains" safe. I sincerely hope it may be so, when the vast body of snow comes down upon her. Our part of the country has benefited from this rain. It was said the ground, in most sections, from the prevalence of frosts and cold winds had become too hard for the late sown grain to get out, while that which was out had suffered severely. The rain was warm, however, and will do immense good. It has been cold and showery again to-day. Will it never "dry up?"

AMERICAN COMPETITION.

It has often been a puzzle to me whether this subtle principle, so conspicuous in our character, is in the long run beneficial to us as a people or not. I might quote any amount of cases on both sides of the question, from the short history of California, and still leave it undecided. We must admit that it aids the conception, initiates the maturity of many noble enterprises and institutions without which we should lose much of our national glory; but, at the same time, we cannot deny it engenders a jealousy, selfishness, and over-speculation, with which we are shorn of much of our national honor. We have a singular case attracting considerable attention amongst us, of this kind, just now. I mean the Insurance business. A few years ago only was it commenced and found successful. This was all needed to be known. Scores of companies were formed and agencies established with millions of dollars put into them, as quickly as a town was ever built and overrun with hotels and saloons in the interior on the discovery of new diggings, until nearly every magnificent building on Montgomery and California streets belongs now to this business. The dashing Mining Secretary has disappeared to make room for the brilliant Insurance Agent; and they have gone on insuring and insuring until two-thirds of the whole have little else left to do than to insure themselves against ruin. Already they are beginning to consolidate, or in other words, like the Kilkenny cats, to eat each other up. By and by, the crash will come, as crashes in other lines of business have come from the same cause, and then who will be found to own the magnificent properties in their possession? That's the question. Mr. Hopkins, President of the California Insurance Company, has recently published a pamphlet on this question, which has raised quite a stir. It appears we have only about \$100,000,000 of insurable property in California, Nevada and Oregon, and out of this \$95,000,000 is already taken in fire risks alone. Out of our ten local companies, seven made money moderately, and three lost money last year. The local agencies make no better figure, showing only a profit of \$127,240 to be divided by all out of a united business of \$2,119,400. It appears further that the amount capital bears to risks is four times greater here than in New York. Our ten companies have an aggregate paid up capital in gold of \$4,928,000, and to do their united business in New York would only require \$1,000,000. Thus, it is evident, the field is exhausted. It is well to look into these matters occasionally, and ponder over the lesson they teach. American enterprise has called into existence all these fine institutions, and all this capital for the welfare and protection of the masses; American competition, in its jealousy and cupidity, is fast rendering them, as usual, valueless to the original companies and agencies, and thus themselves and the public are proportionately injured. Strange contradiction, is this subtle principle of American competition, which calls so many beautiful things into existence, and in the wantonness of jealousy destroys them as quickly. Our staid cousins of Albion got slightly inoculated with this American spirit last year, but they could not run the machine at all, and made a monstrous smash-up right away. I have by me a commercial summary for the year, which gives some interesting statistics, which, perhaps, I may refer to hereafter.

HERMES.

Good GRADE.—The ENQUIRER says that the contract for building the Dutch Flat and Little York wagon road has been let to H. Polley and E. C. Uren at \$8,225.00. The width of the road is to be twelve feet, and, so says the ENQUIRER, it is to have an average grade of fourteen feet to the rod! A perpendicular grade is the only improvement which we could suggest on such a grade.—Stars and Stripes.

Your ideas are inseparably connected with every thing that is greasy. That "perpendicular greased pole" is good, though; and we owe you for a hearty laugh on that account. Had the railroad company possessed such "slick" facilities for carrying our county at the next election there would have been no occasion for the purchase of the *Stripes*, would there?

CALF-SKIN LEATHER.—Speaking of the shipment from Stockton to San Francisco of some leather, manufactured in the former city, by Wagner Brothers, the *Independent* says:

"A gentleman from San Francisco, agent of one of the largest leather-dealing establishments in that city, assured us that the article manufactured by Mr. Wagner was equal to the best French calf. If this is so why export so much sole leather to the Atlantic States, and import so many boots and shoes? It seems that factories for the production of these needed articles should, as they easily could, be profitably instituted in California. Why not start one in Stockton? Our tanneries and sole leather along the northern coast, where it finds a ready market, likewise to the Atlantic States, where it is pronounced of a superior quality; and now that it is found that a superior quality of calf equally as good as the French article—can be manufactured here, it seems no more reasonable that we should bring our boots from New York and Boston than that we should send our wheat to the same places and import our flour. Instead of importing flour we are exporting it, and why not turn the current of the boot and shoe trade the same way. We are told, however, that it would not pay to export leather to the East with a view of having to seek or await a market, and that the lots exported are sent on in lieu of cash to offset demands there existing against the shipper. Even if this is the case, it is an admission that our leather finds favor in those markets, otherwise the parties would not accept it, but demand a liquidation of accounts due, in money."

RECEPTION.—The last levee at the White House during this session was a perfect "jam." It became necessary to send for an extra police force to aid in preventing the rush and consequent pressure.

Those who have never been in a regular "jam" have no idea how small a space crinoline is susceptible of being reduced, and what a herculean labor a gentleman accepts, who, unaided, undertakes to curb and ward off the flexuous, sinewy, elbowing, gravitating, locomotive mass that presses round on all sides threatening to re-adapt a lady's "toilet" in most admirable disorder. A lady is fortunate, indeed, who can command two resolute protectors while passing through the narrower passage ways to the main reception room.—For by such gallant defense she will have more certainty of preserving the arrangement and artistic beauty of her drapery as well as regularity in breathing.

BORN.

At Oregon Bar, February 15th, the wife of Jonas Miller, of a son.

LEBANON Mining Company, Prospect Hill, Placer county, California.—Notice.—The regular annual meeting of the Stockholders of the above named company will be held on Saturday, the 6th day of April, 1867, at 2 o'clock, P. M., at the office of the Secretary, for the election of officers, and the transaction of such other business as may come before the company. Proxies, properly stamped must be filed with the Secretary.

H. D. KELLER, Secretary.

March 2, 1867.

THE Subscribers having purchased the interest of his former partner, Mr. Gross, has just returned from San Francisco where he purchased a fine assortment of the BEST HAVANA CIGARS, FINEST CHEWING TOBACCO, GENUINE MEERSCHAUM PIPES, SCHOOL & MISCELLANEOUS BOOKS, BLANK BOOKS AND STATIONERY. Of every description and price. A very excellent assortment of fine CUTLERY, GUNS, PISTOLS, AND GOLD PENS. Together with a fine supply of Toilette Articles, Perfumes, Etc. All of which he is prepared to sell at prices that defy competition—for cash. Give me a call in your wanderings.—JOHN H. BOKE. mar-17

SEMI-WEEKLY ENQUIRER.

COST OF RAILROAD FREIGHT.

The carrying trade of the Indies, by which is meant the transportation of the products of Eastern and Southern Asia, has been one of the avowed objects of the construction of a railroad across the American continent on the territory of the United States. Undoubtedly when the Atlantic and Pacific railroad is constructed, articles from China to New York and Liverpool sooner than by ocean travel all the way. But what articles will pay for more than three thousand miles of land travel over a railroad, fifteen hundred miles of which is to be built at enormous expense? The cost of transportation on the Pacific railroad to Ocala from Sacramento is eight dollars a ton—distance fifty miles. At this rate the cost of carrying a ton of freight from New York from Sacramento will be about five hundred dollars, or twenty-five cents a pound. How much less than this rate can the Pacific railroad afford to carry freight is a question. The average cost of carrying freight on the New England railroads is one and one-half cent per ton per mile. The maximum cost is some higher. Probably, taking into consideration the cost of keeping in repair so long a line of railroad as that between New York and San Francisco and the want of side or local custom for one-third the distance, the cost of carrying freight across the continent will reach the maximum price on the New England railroads. But allowing the average, one and one-half cent a mile per ton, and the price of transporting a ton of freight from San Francisco to New York will reach fifty dollars at least. Now, clipper ships load in Shanghai or Canton in China and deposit their freight in New York for thirteen dollars a ton, and do it in one hundred and forty days, average time. The voyage is often made in three weeks less time; but allow one hundred and forty days as the proper time for a voyage, and when we come to add the price of goods per ton from China to San Francisco, we will have sixty dollars a ton as the cost of carrying freight from China to New York across our continental railway. It is evident that the difference between thirteen and sixty dollars is a pretty large margin for merchants who have only to wait a little while longer to receive their goods by the ocean. Fifteen or twenty thousand dollars saved at an expense of not more than sixty days time, by one ship, is no inconsiderable item in the way of mercantile transactions.

That freight in general cannot be carried over long land routes in competition with water transportation needs no demonstration. The wear and tear of the railroads of Massachusetts is stated on eminent authority to be sixty per cent. of the gross earnings, and seven and a half per cent. per annum on the cost of construction. It is pretty evident, then, that few articles will pay to be sent across the continent on railroads, and to transport them from China or Africa across the American continent to Liverpool is out of the question. Silks and a few light and expensive articles will be sent by the most speedy route, but heavy or bulky articles must go around the southern cape until a ship canal is cut across the Isthmus of Darien. For the demonstration is this: If the cost of wear and tear on the Pacific railroad is equal to that of the Massachusetts roads, and it certainly will be more, and if the cost of transporting a ton of freight from San Francisco to New York be conceded to be fifty dollars, which is about one-tenth the rate now charged between Sacramento and Ocala. Thirty dollars out of the fifty goes to make good the wear and tear of the road, and for less than half that sum goods can be taken on clipper ships from New York to China, or vice versa, or from China or India to Liverpool. Money could not be better invested on time than in the shipment of goods by the ocean where such a percentage is to be obtained.

MURDERING FREEDMEN.—Gen. Ord has just made a report upon the condition of things in Arkansas. He sums up matters as follows: "Outrages, assaults and murders, committed on the persons of freedmen and women, are being continually reported from nearly all sections of the State, and a decided want of disposition to punish offenders apparently exists with the local civil officers and in the minds of the people. There have been reported fifty-two murders of freed persons by white men in this State in the past three or four months, and no reports have been received that the murderers have been imprisoned or punished. In some parts of the State, particularly in the southwest and southeast, freedmen's lives are threatened if they report their wrongs to the agent of the Bureau, and in many instances the parties making reports are missed and never heard of afterward. It is believed that the number of murders reported is not half the number committed during the time mentioned."

SINCE the 17th of February it has been storming at this place continuously. Part of the time snowing and the balance of the time at intervals, raining. There has up to the present writing, more snow fallen than during any winter since our residence in this place, seven years, and the indications appear very favorable for a continuance of the wet weather for an indefinite period. Should this weather last much longer, we would advise our Sacramento friends to make every possible preparation for a flood, as they will in all probability have one upon them before they are aware of it.

It is reported that snow fell to the depth of two feet in Virginia city on Thursday night, and that on yesterday morning the storm increased in violence. Should it continue there as it has here travel will stop for some time. We learn that the Placerville has been closed for several weeks.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—EXACTLY!—Solon Shingle said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters, and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS will cure Nervous Headache,
Cold Extremities and Feverish Lips,
Sore Throat and Febrile Breath,
Flatulency and Indigestion,
Nervous Affections,
Excessive Fatigue and Short Breath,
Pain over the Eyes,
Mental Despondency,
Prostration, Great Weakness,
Salivary Complexion, Weak Bowels, &c., which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most palatable cure for those horrid nightingale diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effective tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under all and circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitations try to come as near our name and style as they can, and because a poor article cannot be sold as well as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

P. H. DRAKE & CO.,
NEW YORK CITY, Proprietors

Sold by all Druggists, Grocers, country stores and dealers throughout the world; small dealers can obtain supplies of any wholesale House in any large city or town in the Union.

BARNES' MAGNOLIA WATER.

A toilet delight!—The Ladies' delight and Gentlemen's boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c.

It overcomes the unpleasant odor of perspiration. It removes pimples, blotches, &c.

It cures nervous headache and inflammation. It cools, softens and adds delicacy to the skin. It yields a subtle and lasting perfume. It cures mosquito bites and stings of insects. It contains no materials injurious to the skin. It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfume or toilet water afterwards. Sold by Druggists and Dealers everywhere.

DEMAS BARNES & CO.,
Proprietors, Exclusive agents, N. Y.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean. It makes the hair rich, soft and glossy. It prevents the hair turning gray and falling off. It restores the hair upon prematurely bald heads. This is just what Lyon's Kathairon will do. It is pretty—It is cheap—It is durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

LYON'S EXTRACT GINGER.

LYON'S EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's Pure Extract." Take no other. See that the private and stamp of Demas Barnes & Co. is over the cork of each package. None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment. For cuts, sprains, bruises, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone andweeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time, in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavined) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. "Sold by all Druggists at 25 cents each, and \$1."

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

PLANTATION BITTERS,
MAGNOLIA WATER,
LYON'S KATHAIRON.

All the above articles for sale by all Druggists and Dealers on the Pacific Coast.

REDINGTON & CO.'S COLUMN.

REDINGTON & CO.'S

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON & CO.,
SOLE AGENTS for the PACIFIC COAST.

STOP THAT COUGHING!

SOME OF YOU CAN'T, and we pity you. You have tried every remedy but the ONE destined by its intrinsic merit to subvert all similar preparations. It is not surprising that you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

NEWELL'S PULMONARY SYRUP

and with one accord give its unequalled approbation. We now address ourselves to all who are acquainted with this, the greatest Panacea of the age, for the cure of all diseases of the Throat and Lungs, assuring you that

NEWELL'S PULMONARY SYRUP
has cured thousands and it will cure YOU if you try it. This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

NEWELL'S PULMONARY SYRUP

GRAEFENBERG

UTERINE CATHOLICON

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the outlet of the Bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled.

The Catholicon uniformly cures Prostatic Uteri, Whites, all irregularities of the Monthly Turns, Suppressions, Incontinence of Urine, Bloating and Dropsical Swellings, and all diseases of pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to a healthy state as of childhood and youth, so that patients who have used the Graefenberg Company's Uterine Catholicon cannot sufficiently express their gratitude for the relief afforded.

Sole Agent. 410 Clay street, San Francisco.

NOTE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute, established by Dr. J. C. YOUNG, in 1858. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished relief and cure. Under the care of the skillful Doctor the sick and troubled can divert themselves of their burdens of pain; lay aside their crosses, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 640, Washington street, San Francisco.

MEDICAL ADVICE.—Dr. Wm. K. DOBNEY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Dobney, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamatory attacks to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to that confidence. Persons afflicted with chronic or protracted disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggell is the founder of a new Medical System! The quantarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most violent cases with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggell's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggell's Pills are not of the class that are swallowed by the doctor, and of which every box full taken creates an absolute necessity for another. One or two of Maggell's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no gripping, and no reaction in the form of constipation; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Uterine and eruptive diseases are literally extinguished by the disinfectant power of Maggell's Salve. In fact, it is here announced that MAGGELL'S PILLS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childbirth, Cuts, and all abrasions of the skin MAGGELL'S SALVE is infallible. Sold by J. MAGGELL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. [y 712m]

SPECIAL MEDICAL NOTICE.—Dr. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief, in those cases for which they are recommended. To be obtained only at my office. Price \$5.00 with full directions on each Box. Sent by mail on express.

Address CHAS. H. TOZER, M. D., San Francisco, Cal., or Lock Box, 1884. Consultation Free. All communications strictly confidential.

THE PRINTING OFFICE.—The printing office has, indeed, proved a superior college to many a boy; it has graduated more useful, conspicuous members of society, has brought more intellect out and turned it into practical, useful channels, awakened more minds, generated more active and elevated thought, than many of the literary colleges of the country. A boy who commences in such a school as the printing office, will have his talents and his ideas brought out; and if he is a careful observer, experience in his profession will contribute more toward an education than can be obtained in almost any other manner.

FACTS VS. THEORIES.—"Give me a place to rest, my lever on," says Archimedes, "and I will move the world." "Give me pure and unadulterated drugs," says Medici, "and I will cure all diseases." In one sense, both of these learned pundits were the wisest charlatans. They knew there was no place to rest their lever on, either to move the world or to cure disease. Mechanism was in a hopeless state, and the medical profession was but another name for sorcery, and the adjuncts of magic filter and charms of the "evil eye," etc.

But these latter days have brought us something more than even superstition and their crew ever dreamt of in their maddest philosophy. In these days of practical science, what was theory yesterday is fact to-day, and all the old time notions become bubbles in the sun, and burst and break with every breath we draw.

Let Archimedes shoulder his lever and we will find a resting place for it to move the world. Let the ancient Medicus pant and toil no more for the drugs he so surely needs, for we have them at our hand, ever ready to serve them at his beck.

Medicine in the laboratory of Dr. Maggiori, in these materials known in the medical profession are obtainable by any one. His Bilious, Dyspeptic, and Diarrhoea Pills stand unrivalled, and Salvo operates with magical effect upon baras, scalds, and all sores and ulcers of the skin.

In fact, we think Maggiori's Pills and Salvo are the wonder of the century, and we are happy in the thought that many others of our brethren of the craft agree with us. We earnestly counsel that all families provide themselves with Dr. Maggiori's Preparations at once, and keep them ready at hand, so as to use them at the most opportune time and as occasion serves.—Valley Sentinel.

Mrs. THROCKMORTON, of Colorado, lately eloped from her husband, and left a note urging him not to mourn for the absence of the children, as none of them were his.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERHAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. PERHAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Army Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

Dr. PERHAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uterus on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have general rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and aching in different parts of the body.

Patients suffering from this disease, should apply immediately to Dr. PERHAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks. Patients suffering from venereal diseases in any stage (gonorrhea, Gleet, Strictures, Bubo Ulcers, Catarrhs of the Bladder, etc.), will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PERHAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, data not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. PERHAULT is the only agent in California for Dr. Bro's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached in far advance of every other remedy for suppression and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERHAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. Je 23-1y

CONSTABLE'S SALE.

BY VIRTUE OF AN EXECUTION to me delivered and directed on the 11th day of February, 1867, issued out of the court of Chas. E. Olney, a Justice of the Peace in and for Township No. 11, in the County of Placer, State of California, on a judgment rendered in said court on the 11th day of February, 1867, in favor of Jas. Heaton and against Julia Gallagher for the sum of Thirty-seven dollars and 50 cents, and damages and costs of suit taxed at Thirty-two dollars and 50 cents, I have this day levied upon and will expose to public sale to the highest bidder for cash, in front of the Justice of the Peace, in the town of Cisco, Placer County, California.

On Wednesday, March 13th, 1867, at the hour of 2 o'clock, P. M., of that day, all the right, title, interest and claim which the said Julia Gallagher had on the 21st day of January, 1867, in and to the following described property, to wit: One certain parcel or lot of land and house thereon lying, being and situate in the town of Cisco, in Township No. 11, County of Placer, State of California, and bounded as follows: On the west by Dr. W. C. Jones' drug store and lot, and fronting 15 feet on the north side of Main street, and running back at right angles with said street 30 feet. All of which above named and described property I shall sell as aforesaid, or so much thereof as may be necessary to satisfy the above judgment, together with the costs due and to become due thereon.

E. TRACY, Constable, Township No. 11.

MEDICAL.

DR. CHAS. H. TOZER'S PRIVATE MEDICAL INSTITUTE, N. E. Corner of Kearny and Jackson Streets, SAN FRANCISCO.

The Great Exterminator of Special complaints, from City of Los Angeles, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S Experience is of forty years' standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Prolapsus of the Rectum, Trembling of the Limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and would you be suffering from any of them, call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at his office.

Stricture of the Urethra Is another formidable enemy to health. Send for one of my circulars out that disease, and inform yourself of its terrible results. The worst case cured in a few days.

Veneral Diseases, In all their various forms, either Primary, Secondary or Hereditary, are speedily eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children the taint of disease, which is so often the result of these diseases.

Syphilitic Disease, As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Syphilis, Chloride and Scurvy, and disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is it? Who is it? Who is it? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia, And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness, Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and general Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirit, Evil Foreboding, Self-distrust, and an aversion to society, consult Dr. TOZER at once, and he will restore you to perfect health.

To Females, When you are afflicted with weakness of the Back and Head, Loss of Memory, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Discharge, Sterility, and all diseases of the female system, consult Dr. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and needless expense.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor. My FEMALE MONTHLY PILLS were never known to fail in giving relief to the sufferer. If you are recommended, To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents, Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of Dr. TOZER, can, by submitting a written statement of their case to the Doctor, receive the attention and medical assistance necessary to cure without the necessity of a personal interview. All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, FREE. Cures in all cases guaranteed.

Office hours from 9 A. M. to 9 P. M.

REMEMBER

DR. CHAS. H. TOZER'S INSTITUTE, IS AT THE NORTH-EAST CORNER OF Jackson and Kearny Streets, SAN FRANCISCO.

Entrance on Kearny street. All letters sent through the Postoffice or Express should be addressed to Dr. CHAS. H. TOZER, San Francisco, Cal.

A Grateful Acknowledgment to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer.—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The root of my ailment had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go to the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now doing so. The root of my ailment are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

To Dr. Chas. H. Tozer, San Francisco, Cal.

DR. G. WERNICKI.

MEDICAL. PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute, Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. Doherty returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of all Private and Chronic Diseases, and all the various diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Scalds, Venereal, and all the various diseases of self-abuse, Gonorrhea, Gleet, Strictures, Nocturnal and Diurnal Emissions, Sexual Discharges, Diseases of the Back and Limbs, Induration of the Bladder and Kidneys, &c., &c., and all diseases that his long experience and successful practice will enable him to cure him a share of public patronage. By the practice of many years in Europe and this United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges only what he has references from men of known respectability, and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and infallible cures.

Dr. Doherty would call attention to the following certificates from two of his patients, who, having fully recovered from their ailments, have written their testimonials, and will be sent them, if desired, to any person, and will be fully authenticated by a Notary Public.

The welfare of society imperiously demands their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

Dr. Doherty—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, I placed myself in their charge, and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I was told that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty, or my advice, and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorrhea, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours, L. H. J.

San Francisco, June 16, 1864. Subscribed and sworn to before me, this 21st day of June, A. D. 1864.

S. A. Gould, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhea.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induce me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhea," or Seminal Weakness, the result of self-abuse, and till 1855 experienced but little relief. In that year, however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms of weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously injure my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded that there was no relief for me in this world, when I saw Dr. Doherty's advertisement. I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and he placed myself under his care in one week. I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles, and in the enjoyment of the best of health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

A. G. RANDALL, Notary Public.

To Females, When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of vision, nervousness, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute
